### **STEP 2** Tell us about your family.

#### Who do you need to include on this application? Tell us about them.

If you file taxes, we need to know about everyone on your tax return. (You don't need to file taxes to get health coverage).

#### DO Include:

- Yourself
- Your spouse
- Your children under 21 who live with you
- Your unmarried partner who needs health coverage
- Anyone you include on your tax return, even if they don't live with you
- Anyone else under 21 who you take care of and lives with you
- Anyone else who lives with you but is temporarily absent and there is a definite plan for their return.

#### You DON'T have to include:

- Your unmarried partner's children
- Your parents who live with you, but file their own tax return (if you're over 21)
- · Other adult relatives who file their own tax return

The amount of assistance or type of program you qualify for depends on the number of people in your family and their incomes. This information helps us make sure everyone gets the best coverage they can.

Complete Step 2 for each person in your family. Start with yourself, then add other adults and children. If you have more than 2 people in your family, you'll need to make a copy of the pages and attach them. You don't need to provide immigration status or a Social Security Number (SSN) for family members who don't need health coverage. We'll keep all the information you provide private and secure as required by law. We'll use personal information only to check if you're eligible for health coverage.

### **Healthy Start and Healthy Families**

The Healthy Start and Healthy Families programs offer free or low-cost health coverage to families, children (up to age 19) and pregnant women. Certain young adults meeting specific criteria may be covered up to age 21.

**Coverage includes:** doctor visits, hospital care, pregnancy-related services, prescriptions, vision, dental, substance abuse treatment, mental health services and much more! These are important health care services that your family needs to stay healthy and strong. Healthy Start and Healthy Families are Medicaid programs administered by the Ohio Department of Medicaid. For more information, please call 1-800-324-8680 or visit **medicaid.ohio.gov**.

### Women, Infants & Children (WIC)

The Women, Infants, and Children (WIC) program provides nutritious foods, important nutrition information, and breastfeeding education and support. It also helps eligible families find health care or other services they need. To be eligible for WIC, you must be a woman who is pregnant or breastfeeding or have a baby less than six months old. Children from birth to age 5 also qualify. Families must meet WIC income and medical or nutritional risk guidelines. To apply, complete the attached application or visit your local WIC clinic. The WIC program is administered by the Ohio Department of Health.

### **Child & Family Health Services (CFHS)**

The Child and Family Health Services (CFHS) program in your area may provide one or more of the following services: child and adolescent health care and prenatal care. Clinics offer physicals, nutrition counseling, social services, laboratory tests, health education and more. The cost of the clinic services is based on your family size and income but no one is turned away from services if they cannot pay. To apply, please complete the attached application or visit your local CFHS. This program is administered by the Ohio Department of Health.

#### Children with Medical Handicaps (BCMH)

The Children with Medical Handicaps program (BCMH) is a health care program providing services for children with special health care needs. To receive BCMH services, a child must be an Ohio resident younger than age 21 and be under the care of a BCMH-approved doctor. Families must also meet income eligibility criteria. BCMH works closely with public health nurses in local health departments to identify and coordinate services for children with medically handicapping conditions and their families. For more information, families can contact their local health department or call (800) 755 - GROW (4769). This program is administered by the Ohio Department of Health.

### Help Me Grow (HMG)

The Help Me Grow Home Visiting program provides parenting education for pregnant women and first time mothers. The program helps families with young children connect with resources so that children start school healthy and ready to learn. The Help Me Grow Early Intervention program provides services to families with children birth to age three with developmental disabilities. Services are coordinated and families are connected to services which build the parent's ability to enhance their child's development so that children with disabilities or delays in development start school healthy and ready to learn.

Those who are interested in getting cash assistance through Ohio Works First or getting Food Assistance should contact their local County Department of Job & Family Services.
